WHAT PEOPLE ARE SAYING ABOUT *THE SHERIDAN TAPES*

“One of the best mystery/horror podcasts. The writing is solid and it plays with horror tropes in innovative and creative ways. The production is solid. I highly recommend it if you enjoy slow build/unnerving horror.” – *Seb, Apple Podcasts Review*

“The perfect example of a podcast that knows how to slowly serve the lore. Each episode you take one step closer to the truth about Anna, and it really tickles that Twin Peaks itch, and that found footage itch, and all the itches that do be needing a scratch from time to time. *The Sheridan Tapes* has fantastic atmosphere, great acting, the writing is nice and tight. And the mystery? Tres Lynchian.”
